

### **Treasurer's Report June 2015**

The laptop has been ordered. It came in at \$534.00. Microsoft Office is approximately \$135.00 and QuickBooks is around \$400.00. With the zip drive for the President and Secretary at about \$70.00 a piece we are looking at \$1,209.00 for a completed package. This is 209.00 over what was stipulated last month. I am asking that the extra 209.00 be granted.
